

## **Terme di Saturnia Spa & Golf Resort**★★★★★

Saturnia, Tuscany - Italy

**Terme di Saturnia Spa & Golf Resort** - Everything has been designed to create a sensation of total well-being. The varied architectural components, furnishings and colors merge into one to form an atmosphere of total multisensory pleasure. This quest for harmony has inspired architects from the Parisotto & Formenton Studio to interior design the area which separates the spa reception from the zone specializing in treatments and therapies.

**The Tuscan Beauty Farm Terme di Saturnia Spa & Golf Resort** gives you the opportunity to regenerate all senses, and to come back to the daily routine with a new spirit.

**There's an impressive Roman bath, sauna and steam bath, while the original spring feeds our thermal park of hot-water swimming pools, waterfalls, Jacuzzi and waterways.**

**A prestigious Art Gallery** stages contemporary art exhibitions, while the nearby open-air Juice Bar offers fruit and vegetables-based cocktails, smoothies and snacks.

### **Golf:**

Terme di Saturnia Spa & Golf Resort has created a prestigious golf course specially designed for those who like to play in the midst of nature. Conceived by the famous Californian architect Ronald Fream, this professional - standard 18-hole course has been researched to avoid rough terrain and the need for near-impossible swings.
